Editorial.....

We had a great time in Frauenkirchen with all of you and have put together some of the best pictures we took for you to remember.

We hope you enjoy these memories, as much as we enjoyed putting them together.

Grammar in Action!

We learned the use of some „if clauses“ in a game where we had to change chairs if the right condition was met. It was boisterous and a lot of fun!

Incredible India

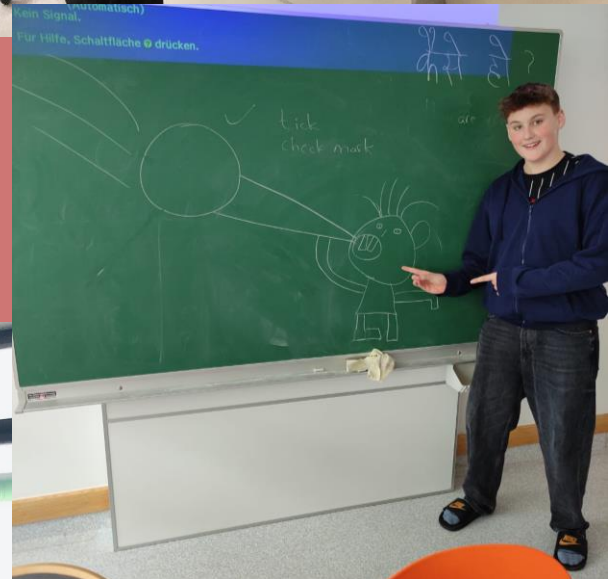

We saw the contrasts between rich & poor, dirty & beautiful, modern & traditional.

We also saw some of the exotic animals of India and also experienced the music and dances of this incredible country.

Following artistic instructions!

This was an interesting game that we played in groups too. We had to think of various things like a name, place, animal or thing, all starting with the set letter. When a group finished, they had to shout so “Stop the Bus”. If their answers were correct, they got a point and the game went on to other letters. We had to be fast and had to know our English spellings!

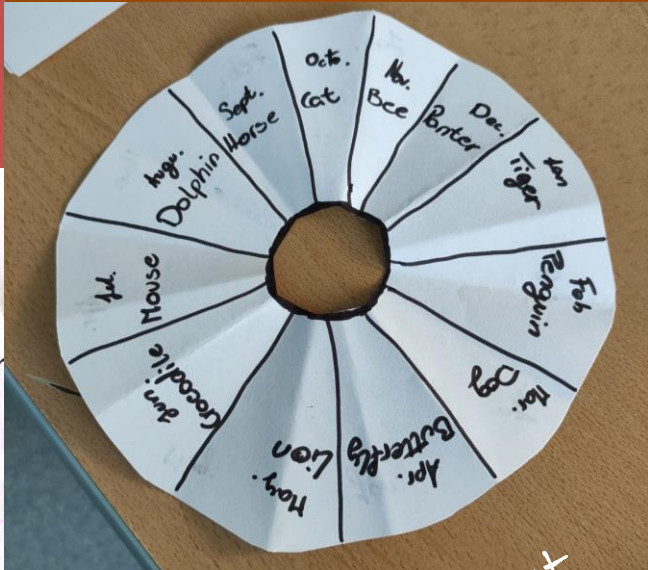

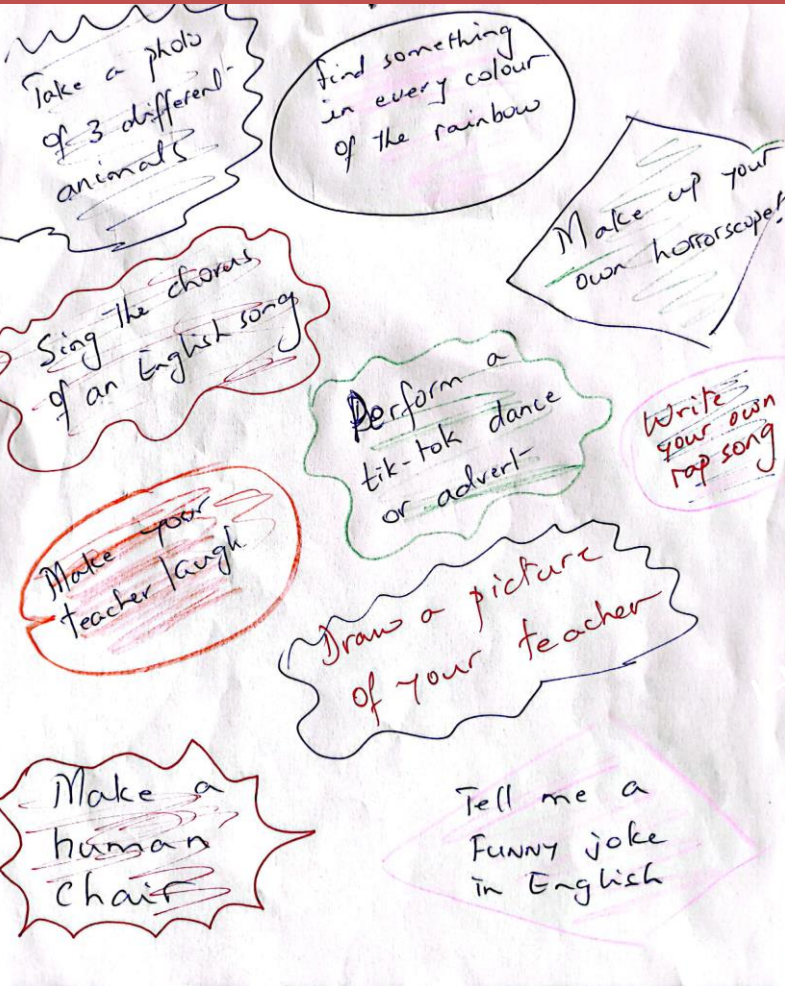

Stop the Bus!

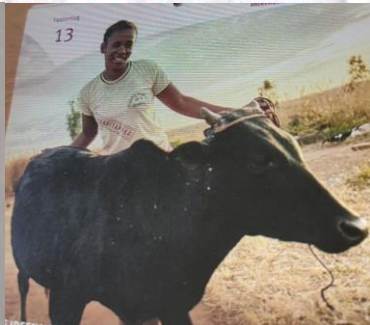

Budding Rappers!

Scavenger Hunt

We had several tasks to complete, some of them were some of the funniest. We had to complete these tasks to earn points for our team. It was challenging, but we had a lot of fun, but we think we deserve!!

I wrote a song about a tortilla, but it turned out to be more of a wrap!

Acting out our Adverts!

We created advertisements for products, in groups and acted them out. A barber shop was just one of them. The others were a potion to make you invisible and a 3-in-1 shoe!

Creating Our Travel Brochures

We created brochures for countries we would like to visit, like Maldives, NYC, London, Seoul, Tokyo. We highlighted things to do, sights to see, food to eat and places of entertainment.

..... And Presenting Our Finished Products!
